Dear Work safe, CC DAN ANDREWS and NDIS COMMISSION and BILL SHORTEN

Regarding the below:

My former employee was the NDIS/A

However, it was with: NATIONAL DISABILITY INSURANCE SCHEME LAUNCH TRANSITION AGENCY (IN VICTORIA) ABN 25 617 475 104

In this way, yes I worked for NDIS - and Comcare is the NATIONAL insurer, but I was only legislated to work within Victoria as per the contract with the NDIS Quality and Safe Guards Commission. I took the case as Work safe suggested - to Comcare audit took a year to be rejected.

Paul Fowler rejected it on a technicality of legislation - (The SRC Act), and this is corrupt because he was the old boss at work safe.

I became ill from work on 22nd Jan, 2021 with amplification of a dormant illness and sexual abuse trauma and a corrupt magistrate

My Claim Number is:

Since that time not only has work cover rejected, but so has Comcare and additionally Paul Fowler and additionally onto the AAT and additionally it still lingers there unresolved although rejected.

The charter of human rights for people with a disability states I must have equal access to the law and litigation.

This has never happened - I was framed by powerful lawyer Mr Ball of Ball and partners internally to Government agencies.

It's now been over a year and a half and I am beset with illness and poverty.

I was also rejected personal insurance.

At the same time, I was delay defer denied at AFCA with other issues with determinations and was banned because I accused them of being part of a conspiracy.

At the same time I lost a million dollars in detriment at AHRC - Liz Linberg's free kicked the settlement in favour of the opposition not very impartial now was it?

During all this financial abuse, I became a vagrant and distressed and I was framed as 'delusional' when it was a well designed robbery of what was owed to me - a character assassination.

In Feb 2021 I actually was incarcerated and I attempted suicide - the FOI says it was 'fatal' and :

Following that after I survived that, I was put on Job Seeker.

It was known about the tragedy that was the result of systemic Government abuse underpinned by powerful silent stakeholders.

I finally was put on DSP - and I receive \$1400 per month when my rent is \$1700 per month - it has been this way for over a year and a half.

I have no supports and face the stigma of 'mental illness' which I opposed in public life for 20 years which I have now been exploited for.

I have lived in a deficiency of \$400 or so a month for a year and a half and am now squatting with a brain injury - and have been re-traumatised in the hospital and violently attacked whilst in the hospital.

I cannot feel my feet due to nerve damage - imagine what it's done to my poor memory.

This is a systemic oppression.

It has ruthlessly victimised me - that is against the law

It has goal: Rob me - destroy me - kill me

It is now evident that work safe are pivotal in this and I have cc this to Dan Andrews (again)

I want state clearly: Someone needs to intervene in my justice issues and my workers compensation immediately sick of waiting and I am cold hungry and squatting

It is a HUMAN RIGHTS ABUSE THAT RENDERED MY OWN SUICIDE

NO MORE DELAY DENY DEFER PLEASE
